

Hay & Forage Expo

The Nation's only 2-day Outdoor Hay Event

Event began in 1986

- Leading hay event, began in 1986
- Live-action field demonstrations
- Side-by-side comparisons of equipment—baling, mowing, conditioning, chopping
- Forage production and storage and handling equipment
- Exhibitors include major and shortline hay/forage equipment manufacturers, seed, crop protection, storage, handling and related products
- Show rotates between sites located in Iowa, Minnesota and Wisconsin
